Hello,

I am the mother of [Elora, Aidan, and Raina] and share joint legal decision-making under our parenting plan (King County Superior Court, Case No. [20-3-03830-3](#) SEA). It has come to my attention that emails regarding teacher assignments were sent to the children's father but not to me.

Please confirm that my email address, kit@kitspins.com, is correctly listed in your system and ensure I am included on all school communications going forward. I want to stay informed and involved in my children's education, as is my legal right and responsibility.

Thank you for your attention to this matter.

Sincerely,

Veronika Goodnight
